

Company of Sixty Field Archers

The Company of Sixty Club Championships Results 2010

Report

Following the change of the Club Champs from the usual early spring date to late summer, hopes were high for a good turnout this year. Unfortunately this was not to be, and so only 24 archers from the club contested the Champs this year.

The day turned out warm and overcast, and despite the weather forecast we did not have any more than a very short and light sprinkling of rain. Conditions for shooting were therefore almost ideal for those of us who attended. Paul brought along the catering equipment and fed us all while still finding the time to shoot round as well. Many thanks to Paul for his efforts. Barry brought the 3Ds along too, arrived extra early and laid them out before the shoot started. They were quickly collected in after the shoot, as many volunteered to help Barry gather them in. Many thanks to Barry for all his work.

So we all shot round in a very sociable atmosphere, shooting at the club's 3Ds, fed and watered, with no hold ups since there were so few attending, and all for free! (The Club Champs are always a free shoot). Perhaps those who decided not to attend missed out more than they expected. I hope more will turn up to next year's Club Champs shoot.

Well done to all of the club champions listed as #1 in each class in the results below.

Safe shooting to All,

Bob.
